SWAN SCHOOL

Creative Independent Education

2017-2018 PARENT SERVICE AGREEMENT

Student Name: _____

Parental commitment at Swan School is two-fold:

- A financial commitment & a volunteer service commitment
- Parents accept responsibility for the cost of tuition for the current year, as stated in the Enrollment Contract
- The school is committed to keeping these costs as low as possible & will continue to seek support from outside sources to help defray direct costs to parents. **Swan School is not subsidized by any organization, & the costs of operating the school are not fully covered by tuition.** Therefore, we rely on your generosity - of both time & financial support for our various fundraisers – to help keep tuition levels low.
- Parent volunteer hours worked during the year can save the school thousands of dollars in expenses, which otherwise would be reflected in higher tuition costs.

We realize that time constraints can limit your availability for service, so we do offer the option of “buying out your time.” Each hour completed in volunteer service is worth \$25. So, you can fulfill your service obligation in hours, in money, or a combination of both.

Preschool family commitment is 30 hours/year
K-6 family commitment is 40 hours/year

Your family’s volunteer hours can be fulfilled by you, by grandparents, family, friends, etc. Please be sure to record all hours in the Volunteer Hours binder in the office. Your log sheet will be updated monthly & will reflect a running total of your volunteer hours balance.

I agree to commit an my family commitment of _____ hours over the course of the school year in volunteer time, or pay \$25/hour for each hour not worked. I understand that I will be billed for the balance owed at the end of the school year.

Signature of Parent/Guardian: _____ Date _____
